

## RSF 2.0 Update (Effective 1st April 2025)

Notification No: 2025/03/28/01

Date: 28-03-2025

### 1. Context

ONDC introduced Reconciliation and Settlement Framework (RSF) 2.0 which will bring enhanced transparency, efficiency, and accountability of money movement on the network. These frameworks are designed to standardize operations, reduce disputes, and ensure timely settlements, ultimately fostering greater trust among Network Participants and consumers alike.

The communicated implementation timeline for RSF 2.0 was March 31, 2025.

In continuation to "[Mandatory Implementation of RSF 2.0](#)" Notification vide No: 2025/01/08/01 dated January 08, 2025, this notification is to apprise ONDC Network Participants (NPs) on settlement process for transactions on ONDC network w.e.f. April 01, 2025.

### 2. Notification

In continuation to the above, the notification highlights the settlement process which will be in effect from April 01, 2025. Please review the scenarios below and take necessary action to ensure seamless transactions on the ONDC Network (Note: This is considering Buyer NP is the collector and Seller NP is the receiver):

#### a) **Scenario 1: Buyer NP Compliant with RSF 2.0**

Buyer NPs must send the /settle file to Settlement Agency (SA), and settlements will be processed to Seller NP accounts accordingly.

#### b) **Scenario 2: Buyer NP Not Compliant with RSF 2.0**

Immediate action required! The buyer NPs to complete the necessary steps for implementation of RSF 2.0 at the earliest to avoid settlement disruptions. The settlement process will continue the same as before April 01, 2025.

#### c) **Scenario 3: Seller NP Compliant with RSF 2.0**

Seller NPs must send the /settle call to Settlement Agency (SA) for settlement processing. If a Buyer NP is not compliant with RSF 2.0, a specific error code as "70011" and error description as "Invalid collector app id" will be received by the Seller NPs. In such cases, settlements will need to be handled offline with the respective Buyer NP.

#### d) **Scenario 4: Seller NP Not Compliant with RSF 2.0**

Immediate action required! The seller NPs to fill out the current operating bank account details in this [form](#) to enable settlements. Please note, the account addition with the Settlement Agency will take 2 business days.

Notably, as provided in Clause 1.2.3 read in conjunction with Schedule 1D of Chapter 1 of the ONDC Network Policy, entities operating in the financial services domain (e.g., credit, mutual funds, insurance) are exempted from the requirement to implement the

RSF Framework. Furthermore, entities operating in B2B, B2B Exports domains are also exempted.

To ensure a smooth transition and avoid any disruptions in settlement processing, we urge all NPs to comply with RSF 2.0 requirements at the earliest. You can refer to "[Mandatory Implementation of RSF 2.0](#)" Notification, for details on steps to implement RSF 2.0.

### 3. Queries and Concerns

**Key Points of Contacts:** Participants can reach out to ONDC and Settlement Agency (SA) support teams for assistance.
